

JANUS et Cie®

JANUSstone
PLANTERS

JANUSstone planters offer the natural look of stone with unmatched durability at a significantly lighter weight. Composed of a proprietary material that reinforces concrete with glass fiber, these low-maintenance planters beautifully withstand harsh exterior elements. JANUSstone planters are available in a spectrum of hues and more than a dozen designs, from classic to modern, and in a wide range of sizes to host the growth of small flora to large trees.
